Nervous Period- ic Headaches

Succumb to Anti-Kamnia Tablets

This trouble commonly called "sick headache" is said to be due to the retention of urea in the system. Often it is stated that a poor condition of the blood is a cause of these headaches, or that it is a nervous condition; and in certain cases, no doubt this is true.

Wine Grapes Escape the Revenue Tax

SAN FRANCISCO, Nov. 15.—J. J. Scott, collector of internal revenue, stated today that about thirty thousand tons of grapes had been shipped to the coast for wine making during the last few months and that the government was tax of a cent a gallon had been paid on but a small part of them, and on only a part of a similar quantity shipped here last year. The government tax would amount to about \$100,000 on 20,000 tons of grapes when made into wine, he said.

Three hundred varieties of grapes for wine making have been shipped to the coast for wine making during the last few months and that the government was tax of a cent a gallon had been paid on but a small part of them, and on only a part of a similar quantity shipped here last year.

The wine tax of a cent a gallon is payable when the wine is delivered to the consumer by the last dealer handling it.

THE HEART
How It Acts In Every Day Life

The human heart, in a healthy man weighs but eleven ounces. It beats from long before birth until death. In an average lifetime, about seven million times, allowing seventy beats to the minute. Every twenty-four hours this slight organ performs labor equivalent to lifting a ton of material eighty feet into the air. If the blood becomes poor, and filled with poisons from diseased kidneys, the heart is not only strained, but poisoned as well. It soon becomes exhausted and unable to meet any extraordinary demand which may be made upon it. Supply pure blood; get the kidneys to working tone up the feeble stomach! Dr. Pierce's Golden Medical Discovery purifies the blood, relieves the kidneys and tones up the alimentary canal. Give the heart the food it needs and it will continue to work till the natural end of life.

People who have been treated for disease of head, heart, lungs, liver, nerves or blood have often been treated in vain, until they began the use of Dr. Pierce's Golden Medical Discovery. When this medicine had healed the stomach and cleansed the blood, the other diseases disappeared.

It will clear the skin, eczema, pimples, rash, blotches will dry up and disappear; boils, carbuncles and other eruptions of the blood will pass away, never to appear again.

Get Dr. Pierce's Golden Medical Discovery for any medicine dealer today, in either liquid or tablet form as you prefer. It's the only great blood-maker and purifier that all weak or run-down people ought to start to use at once. If you want good blood, good health and clear skin, get a supply today.

Price—Dr. Pierce's Medical Advice sent free to you on receipt to pay expense of mailing only. Send 3 dimes (or stamps) for cloth-bound book. Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

THE VALUE OF TRUTH

Truth in business is just as important as truth in every day life; truth creates confidence, establishes good-will and builds a reliability that will not be wrecked by the storms of competition. Through three generations people have learned to place reliance on the advertised words of Scott's Emulsion, because they are untarnished, unexaggerated truths about a household remedy of real and actual worth.

The popularity of Scott's Emulsion is increasing as intelligence advances, because in these days of adulterations it continues to guarantee pure cod liver oil medicinally perfected with glycerine and hypophosphites to build strength, improve the blood and strengthen the lungs. It is free from alcohol or opiates—a wholesome food-tonic, truthfully advertised.

GUERRILLAS GIVE FIGHT TO REGULARS

LAREDO, Nov. 15.—Shironek between Carranca soldiers and raying bands of guerrillas occurred yesterday near Tula, Tamaulipas. The guerrillas are now collecting their efforts in these portions of the republic on weapons and the smaller bands of guerrillas. Reports circulated on the border that Villa had taken San Luis Potosi in the state of that name, were without foundation.

Guerrillas arriving at the international border tonight say that while conditions in the interior of Mexico are improving, there is still a scarcity of food in Mexico City and other points. From a military standpoint, however, conditions have improved greatly. Purely local success in cutting railway communication between Vera Cruz and Mexico City to some extent, but the guerrillas have been either killed or driven to the mountains when their identity became known.

Passengers from the Torreon express say that health has been improved in an armed camp, where measures for the extermination of guerrillas are being taken. Reports circulated on the border that Villa had taken San Luis Potosi in the state of that name, were without foundation.

From Chief Francisco Carranca will spend Sunday at Saltillo. Stop Deportation of Aliens. BOSTON, Nov. 15.—Deportation of aliens on vessels bound for Italy was ordered by the immigration inspectors, received by Commissioner R. J. Skelton from Washington today. The activity of German submarines in the waters about the British Isles resulted in a similar order affecting transportation through that zone several months ago but that order recently was lifted.

Good to Better Nearly Finished. KANSAS CITY, Nov. 15.—The hard surface road from Miami to Baxter Springs will connect with a second highway in Tulsa, is nearly finished. The connecting link between Commerce and Gardin is now near completion.

Label Students "Like Drugs" for Exams. CHICAGO, Nov. 15.—Freshmen in the College of Commerce and Administration at the University of Chicago are being categorized, classified and labeled "like drugs" for mental strength, endurance and agility. The test, which began today, is said to be the first of its kind at a university in the United States.

The system involves study of the student in every aspect—academic, psychological, physiological, sociological and economic. The examination requires ten hours and a half under the scrutiny of a psychologist with a stopwatch. Work in the course is assigned according to the mental ability of the student.

Results of the examinations are by no means absolute, as non-psychological conditions, such as too much spending money, poverty, social activities and the like may mislead the examiner.

TULSA MAY SECURE A BIG CONVENTION

Humane Agent Welch Says
Chances for City are
Good.

Tulsa is the foremost of three cities presented for the 1916 convention of the national humane society.

A. M. Welch, head of the local society, returned home Sunday evening from St. Augustine, where he has been for the past ten days as a delegate to the convention and where he labored to get the convention for next year for Tulsa.

So strenuously did other delegates work to secure the meeting for other cities that when the time came to vote on Tulsa, it was a close thing. There were more than a dozen cities presented. This list was finally cut down to three, San Antonio, Texas, Providence, R. I., and Tulsa.

It was impossible for the delegates to get together on any of the three cities and the closing vote left to the board of directors, who were instructed to make a decision within the next six weeks.

When asked yesterday Mr. Welch said, "I think this convention is coming to Tulsa. I worked for it but other cities had been after it for some time. Had the selection been left to the delegates instead of the directors, I think Tulsa would have been the winner. As it is, we have a good chance to get it. Should Tulsa be able to grab this big convention from San Antonio and Providence it will attract unlimited attention."

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right
with the system full
of poisons.

Millions of folks bathe internally with drinks. "What's an inside bath?" Well, it is guaranteed to perform miracles if you could believe these hot water emulsions.

There are vast numbers of men and women who, from time to time, arising in the morning, drink a glass of cold water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestine of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, becomes food for the millions of bacteria which infect the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney, misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply cannot get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

To Make Skin Clear

Don't worry about skin troubles. You can have a clear, clean complexion by using a little Zemo, obtained at any drug store for 25c, or extra large bottle at \$1.00.

Zemo easily removes all traces of pimples, black heads, eczema, and ringworm and makes the skin clear and healthy. Zemo is neither watery, sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

Zemo, Cleveland.

SEASON FOR QUAIL OPENS NOVEMBER 30

Continues Until January 1,
and Not January 15,
Remember.

The quail hunting season in Oklahoma opens November 30 and continues until January 1, and not January 15, as some persons erroneously are under the impression. A typographical error in printing the original bill made it appear as though the season had been extended to January 15, but Gov. R. L. Williams, as chairman of the state fish and game commission, issued a statement recently that the original bill shall govern.

The typographical error was noticed by sportsmen throughout the state, since when there has been considerable speculation on which should govern, the published session law or the original bill.

MORE TROUBLE FOR CHICAGO SQUATTER

CHICAGO, Nov. 15.—Capt. George Wellington Streeter, who yesterday defended unsuccessfully his home on the east side of Lake Michigan, swung like a pendulum in and out of police custody today.

Streeter, his wife Stella, and 15 others taken in the Sunday raid on Streeterville, where, according to the business in the case of intoxicants, appeared in court in the morning and demanded jury trials. The cause was assigned to another court and Streeter and his followers liberated until a date was set for a hearing.

Before he left, the courtroom Streeter was again arrested, charged with having sold beer without a license on November 10 and 12. He was released later on this charge and his hearings set for tomorrow.

It was learned from Washington today that no patent ever has been issued for the land he occupies and that a ruling was once made by the land department that the land belonged to the state of Illinois.

OLD AGE A CRIME!

Some people are young at 60—red cheeked, ruddy and vigorous. Others are old at 40—pale, thin, beginning to suffer from a bit of rheumatism, occasional twinges of pain in the back, feet and joints, and possibly a trace of rheumatoid.

In most cases these are the danger signals to warn you that the kidneys are not properly doing their work of filtering off the poisons that are always forming in the body. To neglect these signals is to invite a chronic disease of the kidneys.

It is not until the kidneys are so badly affected that you can find prompt relief in GOLD MEDAL BARKLEY OIL CAPSULES. For more than 20 years this has been the recognized remedy for kidney and bladder ailments.

GOLD MEDAL BARKLEY OIL CAPSULES are prepared direct from the laboratory of Dr. A. Barkley, Holland. Prices are 25c, 50c and \$1.00. Get them at your druggists. Do not take a substitute—Advs.
